STATE OF OHIO, CITY OF TOLEDO, ss.

LUCAS COUNTY.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

Curing Catarrh

Accept Our Advice and Try
this Remedy at Our Risk

Catarrh is a disease of the mucous membrane. The mucous membrane, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Muc-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form, to give Rexall Muc-Tone a thorough trial. Use it with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that any one could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at—The Rexall Store, F. H. Falkenberg.

Odd Name.

J. M. Shepherd of Knob Noster writes the Star concerning the origin of his town's name: "Knob Noster is situated at the foot of two beautiful hills, or 'knobs,' in the western part of the town. These knobs are green and grassy, and their summits and rise out of a flat prairie, from which they can be seen for many miles. When the village was founded in the early fifties a schoolhouse was built and an eastern schoolmaster was employed to teach a pay-school. When he arrived at his place of employment he was struck with the beauty of the knobs, and being exceedingly proud of his knowledge of Latin dubbed them 'Knobs Noster' or 'Our Knobs.' The villagers were struck with the name and named their town after the designation of their Latin-loving schoolmaster. The process of time seems to have worn the 's' from 'Knobs.'—Kansas City Star.

The Twilight of Life.

The muscles of the stomach in old age are not as strong or active as in youth and in consequence old people are very subject to constipation and indigestion. Many seldom have a bowel movement without artificial aid. Many also have unpleasant eructations of gas from the stomach after eating. All this can be avoided by the use of Dr. Caldwell's Syrup Pepsin, which permanently regulates the bowels so that passages come naturally, and so strengthens the stomach that food is digested without discomfort. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Cladwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1.00 a bottle.

Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by W. H. Windrow's.

Out of a hundred widowers who marry again, about twelve marry their house keepers!

"I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by all dealers.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery
prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

Noonan Notes.

BY CRITIC.
ED. ANVIL HERALD:—
I waited for something to turn up so I could write the news, but there is nothing doing around Noonan.

I would advise those who are to meet us at Noonan when we come home from Hondo after hard work at court to be there when the train arrives, as every body well knows that a delay in a town the size of Noonan will always cost some money, to which our friends, August and Charlie, whom we met there last Friday, could testify.

Many from here attended the funeral at Castroville last Friday.

There was a small gathering at the rock school house last Saturday, I presume for the purpose of knocking a mule in the head.

Candidates Dan Huffer and Rob Redus interviewed the voters of our neighborhood last Sunday and from here went to Louis Keller's on Black Creek to shake hands with the good people of that vicinity. Well the candidate's troubles will come to an end

Mesdames Howard of Del Rio and Richter of Schulenberg arrived Saturday on a visit to their sister, Mrs. E. Pingenot, of this place.

The bans of Mr. Ambrose Zimmerman and Miss Theresa Rihn, Mr. Adolf Zinsmeyer and Miss Annie Haegelin, Mr. Geo. Frey and Miss Theresa Biediger, and Mr. Oscar Tondre and Miss Della Boog were announced at the St. Louis Church Sunday.

Mr. Geo. Frey and Miss Theresa Biediger made an important business trip to San Antonio Sunday.

Mr. and Mrs. Joe Huesser Jr. and Mrs. J. J. Droitcourt of Hondo visited friends and relatives here and in this vicinity during last week.

Died.

Jacob Mangold died at his home in LaCoste, Thursday morning November 3, 1910, after a lingering illness of about one year's duration, and was laid to rest at the Catholic Cemetery Friday morning after Requiem Mass. Rev. Father Heckman performed the last sad rites.

Deceased was born at Castreville April 30, 1859, consequently was in his fifty-second year at the time of demise. During the year of 1881, Mr. Mangold was happily married to Miss Theresa Zuercher of D'Hanis, which union was blessed with seven children, six of whom, three sons and three daughters, survive. Besides his griefstricken widow and fatherless children, he leaves an aged mother, four brothers, and three sisters to mourn his untimely demise.

Deceased was a member of St. Louis Society and also Sons of Herman, who attended the funeral in a body. A large assemblage of mourning relatives and friends followed the remains to their last resting place.

The griefstricken family has the sympathy of this entire community.

Castroville, 11, 7, 1910.

today.

Mrs. Henry Mangold is on the sick list.

School at the rock schoolhouse is suspended today. The election is held in the schoolroom where I am ready now to go and cast my vote, therefore will close.

Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c. at W. H. Windrow's.

When you agree with a man he'll have a good opinion of your judgement!

JUST A BIG FROLIC

THAT IS WHAT HOUSTON'S ANNUAL CARNIVAL IS TO BE.

IN WONDERFUL WONDERLAND

New Features Are to be Secured Within Magic Gates of Playground. Confetti Battles Will Rage.

One of the features of the No-Tsu Oh carnival, Houston's big November festival, has always been the grounds where are assembled the shows and weird amusement devices which are designed to drive dull care away. This year these shows are to be of a distinctly different character. There will be a number of villages of foreign people demonstrating the mode of life of the Indians, Cossacks, Russians and dwellers in the Orient. It will be the object of the association to give something of an educational value as well as afford entertainment.

The carnival grounds will be known as Wonderland, and within the magic gates of the enclosure will be found from twenty to thirty different shows and entertainments. In addition to this there will be several free acts for the general entertainment of the crowds of confetti throwers who do not care to leave the frolic long enough to go within the big tents. Amid the shower of the gaily colored bits of paper that fill the air as the carnival crowds gather, there will come the spiels of the barkers who call out the merits of their productions, the blare of the bands and the cries of the candy men. A scene like this is never forgotten. There is not another carnival like it in all the world and it does just what its promoters, the business men of Houston, have designed—brings pleasure and laughter and drives care away.

There will be the usual steeplechase with the prancing horses, the Ferris wheel, the postcard photograph gallery, the cane racks and knife stands and all the old standbys of the midway, but when it comes to the shows they are all to be new. In speaking of this feature of the carnival the other day, President Brown announced that the boneless girl, the armless and legless man, the tattooed woman, the snake charmer, the eat-em-alive freak and all the revolting shows of that nature would be denied any place within the big enclosure.

Wonderland will be located within the very heart of the city, within easy walking distance of all of the hotels and the business district and this year there will be ample room provided so that there will be no crowding of the shows. The illumination of the ground is to receive unusual attention and the great gates will be studded with electric lights in fantastic design while thousands of the tiny electric bulbs will blaze over Wonderland and converting it into a fairyland will turn night into day and the revel that begins there at 1 in the afternoon will continue uninterrupted until the hour of midnight when the lights go out and the crowds turn homeward to seek rest before entering upon another hilarious day devoted to His Majesty, King Notov XII. Wonderland will open on the first night of carnival week, November 14, and will be open every afternoon and night for the succeeding five days.

TRAVELING MEN'S DAY

Salesmen, Bosses and Customers Will Meet and Get Acquainted at Houston's Carnival.

Traveling Men's Day at the No-Tsu Oh will be one of the busiest days on the calendar for carnival festivities. It will occur on Saturday, November 19.

This will be the day on which the traveling man will endeavor to bring his customer face to face with his (the salesman's) "Boss." It will be the business getting, business making day of the entire week of fun and hilarity. The traveling men, long recognized as the basis of the success of Houston, are not to be forgotten and on the day set apart for them they will at one and the same time indulge in revelry, dine their customers and still find time to talk business.

The idea of Traveling Men's Day is to bring the man who is depending upon Houston with some idea as to the sort of a city with which he is dealing, and also what sort of a business house he has been favoring with his patronage. It was also designed with a view to allowing the "boss" and the men to get together in a social way. It also allows the "boss" to meet his customers through the medium of something besides the order blanks and the occasional letter. It is to be an era of general good feeling.

The traveling men will make the Rice Hotel their headquarters while in the city, and will parade at an early hour in the morning. This parade is always full of features. Nothing in the nature of a hearse in a traveling man's parade. They get there with the idea, pound it hard and humorously. The layman, one not conversant with the traveling public, can learn from the spirit shown on this day.

Directly after the parade there will be a big feed. Last year there was no dining room in the city large enough to take care of the throng and Turner Hall was offered to the Knights of the Grip.

The published program for the events will be announced later.

SOME BARGAINS.

An 80-acre farm, 2½ miles southwest of Hondo, with 50 acres in cultivation, a four room house, a good well and windmill and the necessary outhouses, will be sold for \$50 an acre, half cash and balance in one and two years at 8 per cent interest. Apply to the owner, Joe Sauter, on the place, or to his agent, the Hondo Land Co.

The Election.

The election in Medina County passed off quietly last Tuesday and all of the old officials were retained. In the race for the new office of Sheriff, Joe F. Bader defeated August Schuehle by a safe majority and in the race for the new office of County Clerk Seraphin A. Jungmann leads August Hornung by the narrow margin of four votes.

B. H. Brucks is the new commissioner from precinct one and Golden Grant, the Democratic nominee, the commissioner from Precinct four. In precincts 2 and 3, Aug. Tschirhart and J. B. Ney had no opposition.

A large crowd assembled at the courthouse Tuesday night and received the news over the phone. By ten o'clock it was known how the election had gone in every county race except that of County Clerk. It was also learned that New York, New Jersey and Ohio had gone Democratic.

Later it has been learned that the Democracy has carried many doubtful states, Congress is safely Democratic and the Senate may fall into the hands of the Democracy, even Senator Beverage of Indiana going down in defeat before J. W. Kern, the late Democratic Vice-Presidential candidate. The one dark spot on the horizon of Democracy's ascendancy is Tennessee where Bob Taylor was defeated by the Republican-fusion candidate.

In Uvalde County, Johnson defeated Baylor for Sheriff and in Bexar, Tobin defeats Lindsey for Sheriff. The latest reports indicate that Real is re-elected Senator from the San Antonio district over Bee the Democratic nominee. Over the state and in the 15th Congressional district Colquitt and Garner lead with the usual Democratic majority.

Elsewhere we give a tabulated report of the vote by precincts for the contested offices in Medina County. It is approximately correct but the official count next week may change it in some minor detail. Preserve the table for future reference.

Now is the time to prepare the soil for next year's crop and the farmers are busy turning the soil. Land that is broken good and deep now and harrowed after each rain between now and planting time will yield a crop on a minimum of rainfall while land neglected will require the maximum.

COL. Noah Allen has doubtless discovered that when Garner "turned his face to the brush" it was to lead the voters out of the Republican wilderness. The G. O. P. will have to seek another Moses for the 15th District. Good Bye, Noah; take care of yourself!

Medina River Irrigation Project.

County Clerk Aug. Kempf has opened a new Record for Medina County, known as Irrigated Water Rights.

The first and only entry so far made is a sworn statement of Water Appropriation by A. Y. Walton Jr., Terrell Bartlett, Willis Ranney and DuVal West for irrigation purposes of the un-appropriated waters of the ordinary flow and underflow and the storm and rain-water of the Medina River and its tributaries, situated in Medina, Bandera, Kerr and Kendall Counties, comprising a water-shed of approximately 700 square miles.

It is proposed to construct two dams across the river, the main dam to be fourteen miles north of Castroville, on David Harvey survey, No. 20. The second dam to be about eleven miles north of Castroville, at the Capt. Burrell ranch, using the Medina River between the two dams as a canal and reservoir. The holding capacity of the reservoirs is 19,385,000,000 cubic feet, flooding about 12,000 acres of land.

There will be two main canals, one on each side of the river, the maximum width at the bottom to be 100 feet, the maximum depth to be 15 feet and with a carrying capacity of 1,110 cubic feet per second. The land to be irrigated comprises 150,000 acres.

A map is filed showing the water-shed, location of dams, canals, etc. The east canal terminating at the Castroville and San Antonio road about two miles east of Castroville.

This project is supposed to interest Eastern capitalists, and the company has a six-month's option on most of the lands involved in the dams, etc. No doubt, when once constructed this project will be a paying proposition, as the lands that will come under irrigation are equal to any in Texas, much of it being virgin soil, and only needs the water to make it blossom as the rose.

Wanted, 20,000 acres.

Or more, ranch land, in one tract. Give detailed particulars as to location, price, terms, etc. first letter.

GEO. S. DICKERSON,
Station A., San Antonio.

"ETERNAL vigilance is the price of liberty." Therefore, lovers of liberty must be vigilant. There are men in Texas today who would destroy your liberty and, were it in their power, would subject you to the enforcement of sumptuary laws that would put the old blue laws of New England to shame. The only way to escape their tyranny is to prevent their securing the power to tyrannize. We do not need to go away from home for the example that what they can not control some seek to destroy. The people of Texas rebuked these people at the last Democratic primary. But such people are not to be vanquished by one defeat. They must be met on more than one battlefield of ballots. Their plans are laid far ahead and their clans are led by cunning and consciousness men who stop not at questioning the integrity of Christ's own acts to carry their point. And the battle has only just begun. The clans of this aggregation are called to meet at Dallas in the near future and plans will be laid to make Texas a dry state and force sumptuary laws over communities like Medina County where such laws are antagonistic to the local sentiment and repugnant to the people's sense of liberty and justice. Now is the time to prepare to meet the onslaughts of these hired minions of an Ohio corporation. Pay your poll tax and qualify yourself as a voter for next year and be prepared to say by your vote that dry-visaged Tyranny shall not raise his horrid front in this great state of ours!

SOUTHWEST Texas lost a man who had done much for her development when Dr. C. F. Simmons died last Saturday. He will no doubt be missed by the people of Atascosa Co. for whom he had done much.

A new farmer's telephone line, having twelve subscribers has just been connected with the Hondo exchange of The Southwestern Telegraph & Telephone Company. The line extends to Dunlay and furnishes service to these well known people: Jacob Breiten, Wm. Burger, Adolph Haby, L. A. Haby, Emil Lebold, Albert Mumme, F. F. Mumme, Wm. Meyer, Hy. Meyer, Wm. Schmidt, Hy. Schulte, and J. P. Zuber-bueller. The subscribers on this line are in constant telephonic communication with each other and through the Southwestern exchange with telephone users in Hondo. The construction of this line and its connection with the telephone exchange here is another step in the progress of telephone development which is being made by the residents in the rural sections of Medina County. Under the plan of the Southwestern Company farmers and other rural dwellers are enabled to secure telephone service on an economical basis, and as a result, farmers in all sections of the state are installing telephones in their homes.

HONDO, TEXAS

A GORGEOUS PARADE SHE COULDN'T WAIT

A SMALL FORTUNE HAS BEEN SPENT FOR THIS CARNIVAL PARADE.

BE GREAT ILLUMINATION

Houston Will Blaze With Light on Night When King Nottoc Will Parade City Streets.

Thousands of dollars have been spent in arranging for the gorgeous night parade which will take place in Houston on November 15, the second night of the annual No-Tsu-Oh carnival week, when King Nottoc will appear with the princess of his realm for the entertainment of his subjects gathered upon the streets to witness his triumphal passage through his chosen city.

In the past the great night parade at Houston has been one of the many attractive features of the carnival, but this year it is stated the parade is going to be easily the most gorgeous part of the festival, not even excepting the scenes within the auditorium on the night King Nottoc crowns his queen.

There will be twenty floats in the great parade and the designer of these beauty chariots has sought to make all the figures so distinct that there can be no mistaking the character of the float. The colors are so arranged as to show to the greatest advantage under the colored lights of the spectators and the blaze of their beauty will be dazzling.

There is a mantle of secrecy thrown about the parade which prevents a detailed description of the floats, but it may be stated that never has the Carnival Association spent as much money upon one feature as has been expended upon this one parade. That King Nottoc is a real king and nothing of a piker, is evidenced by the fact that he is spending about \$15,000 in order to give his subjects an hour's pleasure when he makes his one night parade during the carnival. Realizing that this parade is to be of more than passing importance the railroads have announced excursion rates to Houston for Tuesday of carnival week and it is expected that the greatest crowds in the history of the association will gather to witness this street demonstration.

Promises have been secured from all of the business houses along the route of the parade to burn tabernacle lights and red fires while the parade is passing so that this decorative feature will add materially to the splendor of the chariots as they glide through the streets. Another notable feature will be the costumes worn by the men on the floats. These will be the same costumes as will be seen on the night of the coronation ball. They will be of the very finest material and will blaze with jewels. Gen. John A. Hulen, who has charge of the parade, stated that there were hundreds who could not obtain admission to the auditorium on the night when the king crowns his queen and reveals his identity and for that reason he asked permission to have the attendants upon the night parade floats garbed as they will appear at the ball and this permission has been granted.

The first float to leave the den where they are housed until the brief hour of their triumph, will be the king's chariot and here Nottoc XII will be seen bowing to his subjects as he rolls through the streets. Then will come the nineteen symbolic cars which will depict scenes of Oriental splendor and will unfold much of the theme of the ball and the 1910 carnival.

FOR THE FLOWER PARADE

Unusual Beauty Will Mark One Event at Houston's Big Carnival.

One of the most beautiful features of the Houston Carnival this year is to be the flower parade. This event will take place on Friday, November 18, and will be artistic in the highest degree. The parade is to be limited to carriages and electric automobiles as the high power autos present too many difficulties in their handling in a parade which must move slowly. Already a corps of expert flower-makers is hard at work and thousands of roses, poppies, chrysanthemums and geraniums are being made to be placed upon the vehicles which will appear in the parade. In addition to the flower decked carriages there will be three floats which will be in the nature of a surprise, their character being kept a secret until they appear upon the streets in the great daylight spectacle. Richly dressed women and girls will be seated in the carriages and every possible artistic element will be utilized to add charm to the spectacle.

It is also planned to have the handsomely decorated electric appear on the streets at night. In decorating them, countless tiny electric lights, lights no bigger than one's thumb, will be woven among the flowers and as they appear in the afternoon they will be no different from the long lines of horse drawn vehicles, but at night they will blaze forth in a gorgeousness all their own. As there are several hundred electric automobiles in Houston, this night parade of the flower decorated cars will present at once a most unique and striking sight and one of the prettiest of the many charming events that have been scheduled for the week of the big carnival.

SAFEGUARD OF ALL FREEDOM

Without Liberty of the Press the World Would Return to Its Old Barbarism.

The liberty of the press is the highest safeguard of all free government. Ours could not exist without it. It is like a great exulting and abounding river. It is fed by the dews of heaven which distill their sweetest drops to form it. It gushes from the rifts as it breaks from the deep caverns of the earth. It is augmented by a thousand affluents that dash from the mountain top to separate again into a thousand bounteous and irrigating streams around.

On its broad bosom it bears a thousand bark. There genius spreads its purpling sail. There poetry dips its silver oar. There art, invention, discovery, science, morality, religion may safely and securely float. It wanders through every land. It has a genial, cordial source of thought and inspiration wherever it touches, whatever it surrounds. Upon its borders there grows every flower of grace and every fruit of truth.

Sometimes that river oversteps its bounds. Sometimes that stream becomes a dangerous torrent and destroys towns and cities upon its banks. But without it, civilization, humanity, government—all that makes society itself—would disappear and the world would return to its ancient barbarism.

—Edward D. Baker.

Here is a Remedy That Will Cure Eczema. —"We Prove It."

Why waste time and money experimenting with greasy salves and lotions, trying to drive the eczema germ from underneath the skin when the Windrow Drug Store guarantees ZEMO, a clean liquid preparation for external use to rid the skin of the germ life that causes the trouble? One application will relieve the itching and often times one bottle is sufficient to cure a minor case of eczema.

In over 2,000 towns and cities in America, the leading druggist has the agency for ZEMO and he will tell you of the marvelous cures made by this clean, simple treatment. ZEMO is recognized as the cleanest and most popular treatment for eczema, pimples, dandruff and all other forms of skin or scalp affections whether on infant or grown person. Will you try a bottle on our recommendation? W. H. Windrow's Drug Store.

A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.

"The Liver Pills act So Naturally and Easily."

Such a statement, coming from the cashier of a bank, shows what confidence responsible people have in these pills. Mr. A. L. Wilson after trying them wrote:

"I have used Dr. Miles' Nerve and Liver Pills, and also your Anti-Pain Pills, on myself, with good results. The Liver Pills act so naturally and so easily that I scarcely know that I have taken a pill. Frequently being troubled with headache I take an Anti-Pain Pill and get immediate relief in every case." A. L. Wilson, Sparta, Ill. Mr. Wilson was for a number of years cashier of the First National Bank of Sparta.

Dr. Miles' Nerve and Liver Pills

are different from others. Many kinds of liver pills are "impossible" after one trial on account of their harshness. Dr. Miles' Nerve and Liver Pills do not act by sheer force but in an easy, natural way, without griping or undue irritation. They are not habit forming.

If the first bottle fails to benefit, your druggist will return the price. Ask him. MILES MEDICAL CO., Elkhart, Ind.

Make Your Own Building Blocks, Silo Blocks, Drain Tile and Fence Posts

With Our Low Cost Machinery any Farmer Can Make His Own Building Blocks, Drain Tile and Fence Posts at a Big Saving in Cost

For the farmer owning a sand pit, gravel pit, or a stone quarry or who lives near one or more of these, where this material may be had simply for the hauling, cement is the cheapest and best building material he can use. Enough Portland Cement to make a building block 8x8x16 inches costs about two or three cents. For most farmers the gravel or crushed stone and sand costs nothing at all but the hauling and the building blocks, drain tile and fence posts may be made at odd times when it is impossible to do other work on the farm. This enables the average farmer to build farm buildings of all kinds at the lowest possible cost, frequently for one-half and even one-third contractors' prices, and build better buildings than he would have if he used any other known material.

This is the age of cement. Its use has become almost universal. It is the ideal material for use on the farm, not only because it is inexpensive, most farmers having all the raw materials necessary with the single exception of cement, but because it lasts practically forever and is fireproof. No farmer has adequate fire protection, therefore, he ought to erect buildings as nearly fireproof as possible. Cement block walls, cement floors, cement pillars, cement roofs, will not burn. Cement drain tiles are better than the old clay tile, because they are porous and their strength increases with age. Cement fence posts are cheaper and better than wooden fence posts, they last forever, fire along the roadside do not effect them. Cement for the silo, cement for the pig pens, feeding yards—in short, cement is ideal for every building purpose on the farm, because it is cheaper in the beginning and lasts practically forever without renewal, and is fireproof.

We sell cement working machinery of every kind at the lowest possible prices. We sell cement block machines at one-third the prices asked by many manufacturers and dealers. We have everything in cement machinery—all kinds of building block machines, silo machines, chimney molds, porch column molds, drain tile molds, fence post molds, concrete mixers, all guaranteed machinery sold way below competition.

50 Per Cent Better

"I have used less than one bottle of Cardui," writes Mrs. Gertrude Ward, of Rushville, Neb., "and am feeling fifty per cent better than when I began taking it."

"Before taking Cardui, I had suffered with female trouble, for eight years. My greatest trouble was irregularity. I also suffered with severe pains, every month, but now I am greatly improved and will recommend Cardui to all my suffering friends."

Take CARDUI

The Woman's Tonic

The rare medicinal herbs of Cardui are imported by the manufacturers direct from Europe and are not to be found in any other medicine.

These ingredients are what give Cardui its superiority, as a female medicine and tonic, over any other medicine. For over 50 years Cardui has been the favorite woman's medicine. The ladies like it, because it is so easy to take, so gentle, so safe, so reliable in its results, and they have faith in its curative tonic powers, because of the thousands of other ladies it has helped. Try it today.

WATER AN AID TO DIGESTION

Medical Investigators Have Concluded That Plentiful Drinking at Meals Is Distinctly Beneficial.

Medical investigators have reached the conclusion that instead of being harmful to drink quantities of water with meals it is distinctly beneficial. Recent experiments along this line are described in The New York Medical Journal. The writer says:

"Not long ago it was almost the rule for physicians to discourage the habit of drinking water except in minimum amounts with meals, on the ground that the gastric juice was thereby diluted and that digestion was impaired and delayed. This opinion is still held by many physicians, and is the pet hobby of a great many diet cranks and cranks—professional and amateur."

"On the other hand, there have been many who believed that an appetite as widely distributed as the desire to drink at the time of eating, an appetite seen in so many animals as well as in man, was a perfectly safe guide to trust, and that it was obviously a provision of Nature to supply water which was needed at this time."

"Recent experimental evidence seems to confirm the latter view. The work of Foster and Lambert has shown that water is a distinct stimulant to the gastric mucosa, and that instead of the presence of water in the stomach resulting in a dilute gastric juice, it, on the other hand, occasions the secretion of a juice of higher concentration than under ordinary circumstances."

"More recently Fowler and Hawk have made a study of the metabolic influences of copious water drinking with meals. A normal man, 22 years of age, was studied for a preliminary period and then for a period of five days, during which he drank three quarts of water a day with his meals. The result showed an increase in weight of two pounds."

"You Can Fool All the People Part of the Time and Some People All the Time"

It is a very common occurrence for some piano dealers to advertise a lot of unknown makes, of unknown value, at prices that are supposed to effect a saving to the buyer, but eventually the unsophisticated discover that their supposed bargain was a rather expensive purchase.

Our instruments are standard makes and priced in accordance with their intrinsic value. Every piano in our salesroom bears the guarantee of the maker in addition to our own. When you purchase a piano at this store you can depend on the quality and by reason of our one-price method you know positively that some other individual has not bought a similar instrument at a lesser cost.

The cultivated, the discriminating, the prominent, almost always use one of these makes:

MASON & HAMLIN, HARDMAN, BUSH & GERTS, HARRINGTON, HENSEL

The greater the pianist's ability, the more cultured the ear of the hearer, the higher will be the appreciation of the rich and colorful tones of these instruments. They embody a distinct individuality, bringing to the surface the best there is in composer and pianist alike. Our easy payment plan will enable you to use the piano while paying for it. Old instruments taken in exchange.

A Fatal Accident.

Anton Reitzer, the 14-year-old son of Mr. and Mrs. Charlie Reitzer, was accidentally shot and instantly killed last Sunday afternoon about 3 o'clock.

The unfortunate lad and three companions, Hugo, Frank and Ernest Saathoff, had gone to the Charlie Oefinger pasture to hunt. Arriving at their destination, they had dismounted and were discussing what route to take when Anton sat his gun down, resting the barrel on a limb of a mesquite. The limb was dead and gave way under the weight of the gun, and as it was falling he caught at it and the weapon was discharged. The load of duck-shot from a sixteen-gauge single barreled shot-gun took effect in the lower part of his face and death was instantaneous.

The remains were brought to town Monday and interred in the new cemetery, after a requiem mass at the Catholic church, Rev. Father Meyer performing the last sad rites. A large concourse of sorrowing relatives and friends followed the remains to their last resting place.

Anton was the only son of Mr. and Mrs. Charlie Reitzer and besides his parents leaves one own sister, Miss Louisa Reitzer; two half-sisters, Mesdames C. H. Sayers and Ed Schweers; and two half-brothers, Messrs. Martin and Herman Saathoff.

The Anvil Herald joins in sympathy for the grief-stricken family.

A Card.

As I have received from my Annual Conference the Mason circuit as my appointment for the coming year, and as I intend to leave for that place the coming week I will preach my farewell sermon in the New Fountain Methodist church, Sunday morning, Nov. 13th. I will not preach in Hondo in the afternoon.

Thanking all my friends for their kindness, and encouragement given me by their coming to my services during the two years of my pastorate in New Fountain, and wishing them God's blessing for the future, I remain, Yours truly, ROBT. MOERNER.

Contract for Fire House Let.

The building committee for the Hondo Volunteer Fire Co., received and opened bids Friday night of last week for the work on building the new fire house. There were three bids as follows: T. McCall, \$82.50; G. T. Elder, \$75.00; and B. H. Robinson, \$55.00. Accordingly the contract was awarded to Mr. Robinson.

The lease to the site for the building has been secured from Mr. Rolf Frerichs, the lumber companies are figuring on the lumber estimate now, and work will begin on the building very soon.

The company will hold its regular monthly meeting at the court house next Monday night.

The dinner at the Frerichs' building last Tuesday, under the auspices of the Hondo Mothers' Club for the benefit of the school library, was largely patronized and netted the library fund about \$65. The crowd was much larger than was anticipated and provisions ran short or a much greater sum would have been realized.

Send the Anvil Herald to your relatives or friends elsewhere as a holiday gift. We will send the paper to all new subscribers from now until January 1, 1912, for the regular subscription price of \$1.00. A more desirable gift can not be purchased for the dollar. Try it.
